

NOON Company Commitment to PEFC Values

NOON for Printing & Manufacturing of Packaging Materials is committed to the principles promoted by the Forest Stewardship Council of environmentally appropriate, socially beneficial and economically viable management of forests. To achieve PEFC objectives a comprehensive management system is in place to ensure:

- Issues are identified through plantation planning and management processes;
- An effective community consultation process is implemented including complaints resolution and feedback processes;
- Involvement and input of workers is valued; and
- Effective monitoring and auditing processes are in place to confirm standards and values are being met and to provide the basis for continual improvement.

NOON for Printing & Manufacturing of Packaging Materials is committed to identifying the source of all wood used as an input to its 'volume credit account' and in the manufacture of its PEFC - labelled product. NOON for Printing & Manufacturing of Packaging Materials takes all reasonable measures to ensure that we do not purchase:-

- Timber that has been illegally harvested;
- Timber from genetically modified trees;
- Timber from areas where traditional or civil rights are violated;
- Timber from uncertified high conservation value forests or from endangered forests; and
- Timber from natural forest that has been converted to plantations or non-forest use.

Any claims that wood being purchased by NOON for Printing & Manufacturing of Packaging Materials from unacceptable sites will be formally investigated. A Complaints Log will be maintained to confirm the complaints made and actions taken.

This policy statement is available to the public via our web-site.
